ALL TOGETHER

LOOK! LISTEN! THINK!

HOW DOES IT LOOK AND SOUND LIKE:

We sit down in rows and we look to the artwork or presentation of the day

When a person is sharing, we listen carefully and we listen with our whole body

We do our best to catch as many new ideas as possible

We observe an artwork in silence in order to see all the details

SMALL GROUPS

LISTEN! SPEAK! TAKE TURNS!

HOW DOES IT LOOK AND SOUND LIKE:

Everyone shares at least one idea

When a person is sharing, we listen carefully

We respect the time and pace of the person that is sharing

We respect and value all the ideas

There are no right or wrong answers

GO SOLO
YOU AND
YOUR
THOUGHTS
ONLY!

STEP INSIDE! FOCUS! MAKE!

HOW DOES IT LOOK AND SOUND LIKE:

Step inside your own thoughts
and ideas

We focus on the task in hand

We keep the room in silence

We respect the time and pace of
our peers

CREATIVE STUDIO

TIME TO
CREATE AND
IMAGINE

COLLABORATE! CREATE! COMMUNICATE!

HOW DOES IT LOOK AND SOUND LIKE:

If we need help or inspiration, we use the resources on the helping corner

Our voices can't be louder than the music

We respect the time, pace and space of our peers

If the teacher calls for attention, we stop everything and focus on the teacher

We do our best to be creative and productive
